

PUBLIC MEETING

Organised by NFLA, BANNG, TASC, Stop Hinkley

Saturday 26th October, Studio 1, 'Firstsite' Gallery

Lewis Gardens, High Street, Colchester, CO1 1JH 10.30am – 1.30pm

New nuclear power plants in England - the climate, siting, waste and finance risks of Bradwell B, Sizewell C and Hinkley Point C

A seminar for councillors, council officers and NGOs on the risks of new nuclear in England and the benefits of pursuing decentralised energy alternatives to mitigate the climate emergency

Programme:

- 10.30am **Registration**
- 11.00am **Welcome** – Councillor Mark Cory, Leader of Colchester Borough Council
Councillor David Blackburn, NFLA Steering Committee & English Forum Chair
- 11.05am Katy Attwater, Stop Hinkley
The siting and environmental concerns of building Hinkley Point C and how climate change may affect it (should it be built)
- 11.30am Pete Wilkinson, Together Against Sizewell C
Current and future concerns with the development of the proposed Sizewell C new nuclear reactor
- 11.55am Professor Andy Blowers, Blackwater Against New Nuclear Group
Long term concerns with the development of the proposed Bradwell B new nuclear reactor
- 12.20pm Professor Steve Thomas, Professor of Energy Policy, Greenwich University
The future of EDF – can it really deliver and fund new nuclear reactors in England?
- 12.45pm Sean Morris, NFLA Secretary
Tackling the climate emergency – NFLA's manifesto for dynamic Council action
- 1.10pm **Panel discussion and concluding comments** (for a 1.30pm conclusion)

AUTUMN PUBLIC MEETING

Organised by NFLA, BANNG, TASC, Stop Hinkley

Saturday 26th October, Studio 1, Firstsite Gallery

Lewis Gardens, High Street, Colchester, CO1 1JH 10.30am – 1.30pm

New nuclear power plants in England - the climate, siting, waste and finance risks of Bradwell B, Sizewell C and Hinkley Point C

A seminar for councillors, council officers and NGOs on the risks of new nuclear in England and the benefits of pursuing decentralised energy alternatives to mitigate the climate emergency

The seminar is a free event open to councillors and council officers, nuclear policy NGOs, environmental NGOs and those simply interested in this subject matter. It is part of the NFLA's and the NGO's views on challenging the need for new nuclear build and show the fossil free, nuclear free alternatives to mitigate climate change and deliver 'zero carbon' towns, cities and counties.

If you are planning to attend, could you please fill in the appropriate details and post or email to the address at the bottom of this form:

Name	Authority / Group	Correspondence address (email or postal)

Venue and local details:

The 'Firstsite' building is a purpose-built arts and culture facility in the centre of Colchester.

To download a map, find out more about the centre and see what else is going on at this gallery then go to its website:

<https://firstsite.uk/>

Colchester is accessible by trains via London Liverpool Street, Norwich and Ipswich. There is car parking close to the 'Firstsite' Gallery and in the town centre.

Information on local accommodation and attractions can be found at –
